Past President – Kyle Hugeback

hugeback@iastate.edu

Hopefully your midterm grades aren't giving you a fright for Halloween! If they are, have no fear, the second half of the semester is here...

- Remember to review all your midterm material, especially the stuff that you may have missed.
- Keep track of tricky questions, because they have a tendency to show up again.
- Save that info for the final!
 - All lot of the exams in our major are cumulative, even if the syllabus may not say so.
 - Take advantage of Kevin's review sessions!
 - Seek out help from upperclassmen or graduate students (most of us don't bite)
- As always, if you are worried about anything school related and need friendly advice? Pay Kyle a visit.

Sophomore Chair – Maddy Connell

sophomore.isuams@iastate.edu

- Apples to Apples to Apples
 - Tuesday, November 19th from 7:00 pm - 8:00 pm
 - Come play Apples to Apples while eating apples, caramel dip and apple cider!
- Freshmen: Go to social events, be involved, show that you WANT to be a part of this awesome community! Also it is a great way to finish up those activities for METEOR 112
- This week's Spotlight Freshmen are...

★ Mark De Bruin

- from Pella, Iowa
- Likes to eat American food
- If Mark could be anyone in the world, he would be Elon Musk because he seems like he has a crazy life. He's making all of the newest tech so it would be cool to be making the next big thing.

- Mark said his favorite weather phenomena is, “when an MCS passes through and the rain has ended but you still get anvil crawler lightning shooting many miles out of the back of the storm.”
- His favorite sport is basketball
- A cool weather event he experienced was chasing an EF-3 tornado from less than a mile away last year.
- Mark’s spirit animal would be an orca because they are cool

★ Deleenn Palmer

- From Sioux Falls, South Dakota
- Her favorite cuisine is Chinese
- If Deleenn could be anyone in the world, she would be her friend McKennan because they have different perspectives on a lot of topics, and extremely different interests, with her enjoying the arts while I enjoy the sciences.
- Her favorite weather phenomena is dry lightning storms.
- Her favorite sports team is the Vikings.
- A cool experience she had with weather was when she was very young, her mom took her to watch a lightning storm where there were no clouds to obscure the view of the lightning all the way to the ground.
- Cats are my spirit animal; I know, without a doubt, that my patronus would be a cat, as I've always had an affinity for cats of all kinds. From cat shows to the big cats exhibit at the zoo, they've been the animal I've always looked to for comfort and familiarity. Fun fact: one of my first cats was named Twister!

Meeting end – 7:53 pm

Total in attendance – 52

Next Meeting:
Tuesday, December 3rd at 7 pm
