Past President- Natalie Trout

Contact: ntROUT@ttu.edu (but you all know that I answer texts 10x faster, read last years mins to find my number or ask Maddy WUESTENBERG... or anyone really)

- Welcome freshman and new students! And welcome back everyone else!
- Some advice I have:
 - Stay/get involved with AMS!! You'll meet your best friends who will be in your classes, people to study with, people who you can suffer through calculus and physics with, too!
 - You're probably going to fail or have a setback, and that's okay. This major is tough, and it's only going to get worse. Keep pushing through it, because when you get to walk across the graduation stage, it is the best feeling ever

- **JOIN CYS EYES!!!!** We need more students to get involved to keep this club going! I went my freshman year for fun and it ended up being where I met my best friends and is where some of my best memories are from #NatalieshouldrunA&VoverJJandBenji
- Good luck to the seniors with thesis! This is going to be your best and worst semester... you can do it! If you ever need a rant or need anything, you can always reach out!
- Go to the AMS conference! If you fundraise (*cough for the #7 ISU Cyclones), you rarely have to pay much and it is so fun! And I'm going so you can come see me at the TTU booth... and maybe Allysa????
- Get involved with outreach!! I was an outreach chair and can promise it will be so fun (also where Whirly woo started)!!! Also having friends makes Zach's life 10x easier
- Feel free to reach out to me if you need anything!

 - Lots of fun, and you can make new friends!
- **When/Where?**
 - Information/Practice Session: **Tuesday, August 31st, at 6:00 PM in Hamilton Hall Studio (adjacent to Agronomy Courtyard)**
 - **Every Tuesday 6-7PM at Hamilton Hall Studio** until prep and finals week! ***[If interest and demand are stronger, we could also add in Thursday shows similar to pre-pandemic--so tell your friends and get involved!](#)***
