Past President- AJ Rickman

Contact: aj.rickman@kcr.org

- Welcome to all of our freshmen and new students (and welcome back to everyone else)!
- Some words of advice from your past president:
 - **Get involved with AMS** - You're already here, which is the most important first step. Getting plugged into AMS can be one of the most rewarding things you'll do as a student at ISU (it was for me!), and there is an abundance of opportunities for everyone.
 - **Take notes at the meetings!!!!** Seriously, there are a lot of deadlines and events that we go over in these meetings. Write them down in your planner/calendar so you don't forget about that super fun Social Event, RSVP deadline, or Review Session you wanted to go to.
 - **Get to know people** - AMS is also a great way to get to meet your fellow meteorologists. Many of my closest friends at ISU have been from AMS/the meteorology program in general, so make sure you're getting to know your peers!
 - **Get out of your comfort zone** - College is an important time to grow as a person, and sometimes that involves taking risks. Show up to Cy's Eyes, help out with outreach events, go to that tutor when you're struggling - this can look different for everyone.
 - **Find your niche** - There are so many different things to get involved with in AMS - find your area and make it count!
 - **Seniors, get ready to buckle down** - Thesis (and graduation) will come at you fast. Be ready, but also try to take time to slow down and enjoy the little things that college and senior year brings. You won't realize just how much you miss them until you've graduated.
- Feel free to reach out anytime you have questions or could use some advice from a graduate of the program!

Cy's Eyes Representative - Blake Hansen

Contact: Blake - blakeh04@iastate.edu or (563) 357-0632 and David - dhultman@iastate.edu
