[1] Time periods: 1981 - 2001.
[2] Volume: 4.
[3] Threshold: 25 mm.
[4] All tests significant at $\alpha = 0.05$.
[5] Anderson-Darling Normality Test. * denotes the distribution is not a normal distribution.
[6] Welch Two-Sample T-Test. * denotes the paired sample distribution means are significantly different.
[7] Tukey Honestly Significant Difference Test. * denotes the paired sample distribution means are significantly different.
[8] Wilcoxon Mann-Whitney U Test. * denotes the sample distributions are significantly different.
